MEDICAL EXPERIENCE

After completing his full training in Plastic Surgery at the University of Montreal in Canada, Dr. Medawar completed 2 fellowships in Cosmetic Surgery and Craniofacial Surgery at the International Craniofacial Institute in the United States. He has worked with renowned pioneers in Plastic and Craniofacial Surgery in the USA: Kenneth Salyer, David Genecov, Jeffrey Fearon, Raul Barcelo and Sam Hamra. Dr. Medawar has worked as an attending responsible of teaching the residents at the University of Montreal hospitals and is an Assistant Professor at the University of Balamand. He has performed the first Breast Reconstruction in Lebanon and the region using the DIEP flap technique.

Dr. Medawar is subspecialized in Facial Cosmetic Surgery and in Body Sculpting using the last innovative techniques such as the Vaser and the Laser Liposculpture:

Dr. Medawar is the head of the Aesthetic clinic "Skin & Slim" at Clemenceau Medical Center, 4th floor.

Dr. Medawar is fully licensed to practice Plastic Surgery in Texas (USA), Quebec (Canada), Saudi Arabia and Lebanon. He is the author of several articles and has lectured in many international meetings in USA, Canada and Europe.
