### **Medical Experience**

After completing Medical School at Saint Joseph's University in Lebanon, Dr Halabi-Tawil specialized in Dermatology and STD in Paris, France, where she obtained both a Dermatology and Venereology Specialization Diploma « Attestation de Formation Spécialisée (AFS) » and an Advanced Dermatology and Venereology Specialization Diploma « Attestation de Formation Spécialisée Approfondie (AFSA) »

She is a laureate of the French Board in Dermatology and Venereology since October 2009.

She also obtained a Masters in Science Degree M2/DEA in Physiology/Physipathology, from the University Pierre and Marie Curie, Paris.

She has a University Diploma (DU) degree in the art of cosmetic injections in Dermatology and Plastic Surgery from the Faculties of Medecine of Paris.

She has worked initially as a Chief Resident in the Dermatology Department of the prestigious Saint-Louis Hospital, where she dealt daily with oncodermatological cases, inflammatory and auto-immune diseases.

Afterwards she worked in Saint-Louis Hospital as a full-time practitioner in dermatology, namely cutaneous lymphomas, alongside Professor Martine Bagot, as well as melanomas and carcinomas alongside Prs Lebbe and Basset-Seguin.

She was also in charge of dermatological emergencies In St Louis as well as the genodermatosis consultations alongside Pr Blanchet-Bardon.

During her training, she has participated in many international meetings with posters and presentations and she is the author of numerous scientific articles.
